Baltimore, Md.

Dear Coach:

I have been planning to write you for sometime, but kept putting it off, wishing I would hear from you first. You no doubt may have guessed what it is inreference to, I was wondering if anything further had been done about permitting the boys to play base ball, and if there was going to be any chance to have the services of Givens this year.

I would appreciate very much hearing from you.

Very truly yours,
